

DANCE STUDIO ADVISORY GROUP EOI'S NOW OPEN

One of the hardest parts of the crisis in 2020 has been the impact on dance studios across the state, large and small. The impact for young people and adult participation in dance is still unfolding.

In response, Ausdance NSW is putting together an advisory panel of dance studio owners to strengthen the link between Ausdance NSW and the private dance training industry. We are now accepting expressions of interest for the panel of the Dance Studio Advisory Group. If you would like to express interest, please read carefully and fill in the EOI form below.
